

BEBE

Top 10 Dos and Don'ts

1. Please **DO** note the quantities offered in this album. As you'll see on the pricing page, we can print the larger cards (announcements, invitations, etc.) in sets of 25. However, the thank you's, napkins, and coasters must be ordered in sets of 50!
2. Please **DO** be aware of your printing options for the cards. If you're using white or ivory stock, we can letterpress and/or foil the cards. If you select colored stock, then we can only foil stamp. We offer flat printing on the envelopes, but not on the cards themselves.
3. Please **DO** order some extra-luxe! We offer upgrades to 220# paper for \$1/piece (retail) if you're using white or ivory paper!
4. Please **DO** send custom artwork if you'd like us to use it! We ask that everything be print-ready, ideally in vector format. Not sure if the artwork you have is usable? We're always happy to take a look! Just email it over to proofs@hautepapier.com and we'll get right back to you.
5. Please **DO** feel free to order a custom letterpress ink color. We can match a Pantone (PMS) color if you provide the number!
6. Please **DO** note that pricing for flat printed return addresses and blank envelopes are priced in the "Additional Envelope Options" block. Blank envelopes are not included in the price of the accouchement or invitation cards.
7. We proof orders in the exact size they will be printed, so please **DO** print them at full size (100%) when you check them. This album shows a few different sizes for the card and we want to be sure that you customer is getting exactly what they want and that they see everything to scale.
8. Please **DON'T** order letterpress printing on colored paper or envelopes. Not only would most inks not show up well, but the stock is too thin to letterpress.
9. Please **DON'T** order a size beyond the options shown, unless your customer is prepared to pay a custom cutting fee. Please call us for more information if you are interested in a custom size.
10. Please **DON'T** ever hesitate to call us with questions! It's what we're here for! Our phone number is 866.740.4222.
